Safe Halloween Guidelines

The 6th Area Support Group has established Halloween safety guidelines for all Stuttgart military residents. Trick-or-treating will take place in all Stuttgart housing areas Oct. 31, 5 to 7:30 p.m. These hours will be strictly enforced and early release of personnel to accommodate these times is encouraged. Representatives from each stairwell should take turns distributing treats at stairwell entrances, do not leave candy unattended outside stairwells for children to pick up. Residents should ensure walkways are unobstructed. For security reasons, toy weapons of any type and military uniforms as costumes are prohibited. Make sure children wear clothing with reflective markings or tape and that they carry a flashlight.

Trick-or-treaters should stay on the sidewalk and never cross the street between parked cars. An adult should accompany young children and older children should travel in groups. Vehicle operators need to drive slowly as costumed children can be hard to see. All treats should be inspected and thrown out if unwrapped or spoiled. All individuals on military installations should be prepared to show their identification if asked to do so by military patrols. Be aware of your surroundings and report suspicious situations, persons and vehicles to the Military Police immediately. Remember, trick-or-treat activities can be cancelled at a moment's notice if there is a possibility of a security threat.

New Agency Replaces CHRMA

The Chief of Staff of the Army and the Secretary of the Army have approved the alignment of all operating level civilian human resource activities under one Army organization for greater flexibility and standardization. The Army's Civilian Personnel Operations Center Management Agency, the organization that formerly managed all CPOCs in CONUS, has been renamed Civilian Human Resources Agency, with the mission of overseeing all CPOCs and CPACs in the Army.

Managers, employees and supervisors will see no immediate changes. The HQ USAREUR Civilian Personnel Directorate will continue to perform development and oversight of USAREUR civilian human

resources policies and programs. The primary change in Europe will be the dissolution of the Civilian Human Resource Management Agency.

Annual Prevention Refresher Required

6th Area Support Group civilian employees and supervisors are required to attend refresher training in the Prevention of Sexual Harassment each fiscal year.

Upcoming class dates are: Nov. 4, 8:30 a.m. for supervisors, 10:30 a.m. for employees; and Dec. 2, 9 a.m. for employees, in Kelley Barracks building 3307, room 3; Dec. 16, 8:30 a.m. for employees, 10:30 a.m. for supervisors; Jan. 16, 8:30 a.m. for employees and 10 a.m. for supervisors, in the Swabian Special Events Center. More class dates will be posted later. For more info call 421-2649/civ. 0711-729-2649.

Emergency Collect Calls Restricted

Community members are reminded that collect calls to DSN telephone numbers are prohibited. The Army in Europe has a single civilian telephone number, 06221-336-660, for collect calls to handle bona fide emergencies, such as actual or potential loss of life, serious injury or incarceration. Outside Germany, the civilian telephone number is 49-6221-336-660.

Personnel cannot make direct calls to their unit using this number. The USAREUR Command Center will screen and relay the calls. Emergency collect calls may be made 24 hours a day, seven days a week, from anywhere in the world. The number personnel must use to reach an operator to place a collect call varies from country to country.

For more info go to the Web site at <https://www.dcsim.hqusareur.army.mil>, select Projects and Program Branch, then Telecommunications.

New Rule For Filing TDY Vouchers

Military travelers who use their government charge card for TDY expenses must check the split disbursement box in block one of the form DD 1351-2, Travel Voucher or Sub voucher. The amount annotated for split disbursement should equal the amount charged to the card. If travel orders state that the traveler is a government cardholder and split disbursement is not indicated, the voucher may be returned to the traveler unprocessed. For more info call 421-2535/civ. 0711-729-2535.

Holiday Mailing Restrictions Apply

Help is available for U.S. personnel facing international mail regulations during the holiday mail rush. Mailing packages to the United States from abroad involves many prohibitions, restrictions and import duty rules.

A customs declaration must be fixed to every parcel going to the U.S. and making false statements on that form is a federal crime. Foreign-made goods sent to the U.S. are subject to the payment of duty, even if the foreign items are purchased in a military exchange. U.S. residents may receive up to \$100 worth of foreign-made goods per day, anything exceeding that amount is subject to import duty.

Avoid the pitfalls by obtaining a copy of the International Mail Imports pamphlet from a military customs office or view it on the Web at www.customs.gov/xp/cgov/travel.

ACS needs community support in identifying service members and civilians who would benefit from this program. The deadline for submission of names is Nov. 7; late submissions will not be accepted. As funds for this program are limited, submit only names of those truly in need. For more info call Herman Hurd at 430-7176/civ. 0711-680-7176.

Morning RB Duty Bus Is Too Popular

Due to overcrowding, students who live on Robinson Barracks are asked to ride the school bus instead of the early duty bus to school, unless there is an educational requirement to arrive early. It is crucial for military and civilian personnel to have priority on the duty bus in order to arrive at their workplace on time.

Parents are asked to assist with this situation by monitoring their children's bus riding habits. Buses will be monitored and if overcrowding continues, students may be prohibited from riding certain early morning duty buses. For more info call David Boals at 421-2585/civ. 0711-729-2585.
